THE SALFORD ROYAL HOSPITAL.

TO HIS MOST GRACIOUS MAJESTY THE KING.

May it please Your Majesty:

WE, The PRESIDENT and CHAIRMAN of the BOARD OF MANAGEMENT OF THE SALFORD ROYAL HOSPITAL humbly offer our respectful and sincere congratulations on the CORONATION OF YOUR MAJESTY and of YOUR ROYAL CONSORT.

Since its foundation in 1827, the charity we represent has enjoyed the great privilege of Royal Patronage, an honour which Your Majesty has most graciously renewed.

In common with all other voluntary hospitals, Salford Royal Hospital has received invaluable assistance in its service to the sick from the great personal sympathy which has so graciously been shewn by our beloved and illustrious Patrons and all members of the Royal Family. The visit of Your Majesty to the Hospital in November, 1922, for the purpose of opening the Salford War Memorial Wards is recalled with pleasure and gratification. The Board of Management and Staff of the Hospital welcome this opportunity of assuring Your Majesty that they will constantly strive to justify the trust which has been imposed in them.

We rejoice in the knowledge that Your Majesty and Her Majesty the Queen have followed the example of Your beloved Father King George V, and Her Majesty Queen Mary in dedicating Yourselves to the service of Your people, and we tender our heartfelt gratitude for this gracious testimony of your determination to strengthen still further the mutual bond of trust and affection which exists between Your Royal House and Your subjects.

We desire to assure you of our steadfast allegiance to the Crown and of our determination to render such service as lies in our power towards the fulfilment of Your noble purpose.

It is our earnest prayer that Your Majesty may be long spared to reign in happiness over a faithful and contented nation, and that, under Your gracious sovereignty, the blessings of peace and prosperity may rest upon the British Empire and its Dominions beyond the Seas.

Stanley President.

Edward C. Pilkington Chairman of the Board of Management

SALFORD ROYAL HOSPITAL.

In the year 1827, this Hospital had its origin in temporary premises in Chapel Street, Salford.

In 1830 the corner-stone of a portion of the present building was laid on a plot of land which had been acquired from the Duchy of Lancaster.

The Institution received the patronage of King William IV., and His Majesty contributed twenty-five guineas annually towards the maintenance of the hospital. The Royal patronage was continued during the reigns of Queen Victoria and King Edward VII., King George V. and King Edward VIII. His Majesty King George VI. has most graciously renewed the privilege so long enjoyed.

For the first eighteen years of the Hospital's existence medical relief was afforded only to Out and Home patients, but in 1845 ten beds were provided in the building for the reception of In-patients. In 1866, two wings were added to the original building, raising the number of beds to forty; in 1871 ten more were added, and in 1882 the number was increased to sixty-two.

A large legacy left to the Institution in 1882 by the late John Pendlebury, Esq., enabled the Governors to extend the Hospital accommodation to one hundred and twenty-seven beds.

In the year 1905, the Isolation Block was converted into Male Surgical Wards, and eight more beds added, making the total number 135.

The Extensions of the Hospital, decided upon in 1906, provided accommodation for 208 beds.

In 1911 the Hospital was further enlarged by the addition of the King Edward VII. Memorial Wing, thus increasing the number of beds to 252.

In the year 1922 the Salford War Memorial Ward, in the above wing, was opened by H.M. King George VI. (then H.R.H. The Duke of York), who also unveiled in the Entrance Hall a commemorative tablet.

Four Observation beds were provided in 1926.

In 1875, the Pendleton Dispensary was built, as a branch of the Hospital, by means of a public subscription amongst the inhabitants of the District. With the approval of the Charity Commissioners this Dispensary was closed in June, 1923, as the work could be more conveniently done at the Hospital, and the property was sold.

The Medical Staff consists of two Honorary Consulting Physicians, one Hon. Consulting Dermatologist, three Honorary Physicians, one Honorary Assistant Physician, one Honorary Consulting Surgeon, four Honorary Surgeons, one Honorary Assistant Surgeon, one Honorary Neurological Surgeon, one Honorary Gynæcologist, one Honorary Assistant Gynæcologist, one Honorary Surgeon for Diseases of the Ear, Nose and Throat, one Honorary Assistant Surgeon for Diseases of the Ear, Nose and Throat, one Honorary Ophthalmic Surgeon, one Honorary Surgeon in Charge of Orthopædic Department, one Honorary Surgeon in Charge of Genito-Urinary Department, two Honorary Medical Officers for the Electro-Therapeutic Department, one Honorary Dermatologist, one Honorary Psychiatrist, one Honorary Dentist, one Pathologist, four Anæsthetists, three Registrars, a Resident Surgical Officer, four House Surgeons, a Casualty House Surgeon, a House Physician, and a District Medical Officer for Broughton and Salford, and a District Medical Officer for Pendleton.

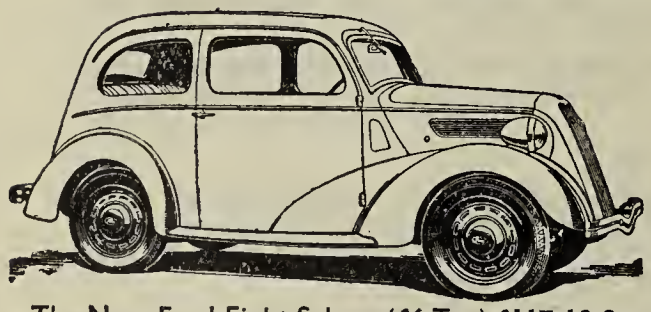

The beds in the Hospital are allotted as follows :—

	Men	Women	Beds
Adults—Surgical	87	88	175
Adults—Medical	31	33	64
Children's Cots—Medical and Surgical	—	—	13
Observation Beds	—	—	4
			256

The original site of the Hospital was presented by the Duchy, and the site of the Pendleton Branch Dispensary (which has now been sold and the proceeds—£2,169 8s. 4d.—invested by the Official Trustee of Charitable Funds) was presented by the late Sir William Agnew, Bart. In addition to the investments, the property of the Hospital comprises the Hospital buildings in Chapel Street, Adelphi Street and Adelphi Place, Salford, and the land and buildings in Chapel Street, St. Philip's Place, Adelphi Place, Peel Street and Wilton Place, Salford, the Pilkington Home, "Oakwood" (acquired in 1922) together with the furniture and fittings in these establishments and "Edenholme," Radcliffe Park Road.

QUICKS *for* FORDS

Outweighing all other considerations in your choice of a car is the factor of service. Every Ford model gives performance above the average. This is allied to service facilities that are unrivalled throughout the world, and which reach their highest development in the organisation of Quicks. Service facilities that mean lower operating costs for you, skilled attention and equipment that save valuable time on every phase of attention, repair or adjustment.

ANNUAL REPORT
OF THE
BOARD OF MANAGEMENT
For the Year ended December 31st, 1937.

The Board of Management has pleasure in submitting its 110th Annual Report and Statement of Accounts in respect of the year ended 31st December, 1937.

Number of In-patients Treated.

The number of In-patients treated during the past three years has been as follows :—

	1937	1936	1935
Medical	1,080	1,035	1,081
Surgical.....	2,632	2,476	2,489
Observation Ward	68	162	205
	3,780	3,673	3,775

The average length of stay of each In-patient was 20.67 days, and during the whole of the year the average number of beds occupied was 213.14.

Number of Out-patients Treated.

The number of Out-patients treated during the past three years has been as follows :—

Convalescent Patients.

Through the medium of the Cotton Districts Convalescent Fund 78 patients have been sent to Convalescent Homes as follows :—

	1937	1936	1935
Southport	51	51	38
Buxton	17	24	18
Cheadle	7	14	11
Children's Sanatorium	3	3	4
	78	92	71

The Board wishes to thank the Governors of the Cotton Districts Convalescent Fund for their valuable assistance in providing the means whereby patients may enjoy the great benefits of convalescence under skilled supervision.

Private Patients.

135 private patients were admitted to the 14 beds set aside as Paying Wards, compared with 160 in 1936.

District Nurses.

The assistance rendered by the Salford District Nurses who have visited many patients in their own homes after treatment in Hospital has again been of considerable value.

Traffic Accidents.

The number of patients treated as a result of traffic accidents has been 337, compared with 316 in the previous year.

The total cost involved in their treatment is £846 15s. 1d. of which £663 9s. 5d. has been recovered. Of this latter sum, £247 16s. 0d. is in respect of the cost of emergency or first-aid treatment now recoverable by statute.

Income and Expenditure Account.

The total ordinary income for the year was £38,066, compared with £36,454 last year.

The income and expenditure account, after including legacies received free of any condition as to investment, unfortunately shews an adverse balance of £7,500. Income has shewn an encouraging increase of £1,611, and free legacies have totalled £3,251 against £279 in the previous year; but the growing demands on the Hospital have

occasioned an additional expenditure, and in particular, a general rise in the cost of commodities has resulted in an increased expenditure of £1,921, the total figures being £48,818, compared with £46,898 in 1936.

Included in this figure, are increased costs of food (£263), bedding, linen, crockery (£328), fuel and light (£382), renewals to laundry machinery (£900), salaries and wages (£570), bank interest (£619) and decreases in establishment repairs (£1,170).

A constant watch is kept against wasteful administration and every item of expenditure is closely examined before being undertaken.

For a number of years, the annual deficiency of income has been in the region of £8,000 to £10,000, and the Hospital is to a very considerable extent dependent upon legacies, given free of any condition, for the maintenance of essential services. This is a state of affairs which cannot be allowed to continue indefinitely.

An earnest appeal is therefore made to all sections of the community in the wide area served by the Hospital to help in maintaining the services at a high level of efficiency.

Hospital Saturday Fund.

The annual grant received from the Hospital Saturday Fund was £6,000 against £5,100 in the previous year. This was supplemented by maintenance payments of £3,524 against £2,886 in 1936—a total increase of £1,538. This increase demonstrates in a most practical way the growing appreciation of the Hospital services on the part of workers who receive its benefits and the Board expresses its sincere thanks to the Committee of the Fund, as well as to every individual contributor for their welcome support.

Legacies.

The details of legacies received is gratefully recorded :—

NO finer milk—nature's perfect food—goes into any bottle than that from Allied Dairies. This rich, fresh, cream-laden milk has another claim to your consideration—Allied Dairies' Milk is now

Protected by Aluminium "SILVER SEAL" CAPS

Nothing can lodge in the bottle mouth. The milk is completely isolated from all disease-laden dust. Allied Dairies' milk now comes to you even more pure and wholesome than when it left the cow. Allied Dairies' milk is ideal for young children. The new Aluminium Cap is more easily removed than the out-of-date cardboard cap; just a twist and the seal is off, and to replace it is as simple. Our roundsmen call in every district; if you will taste the "sealed-in" goodness of the best milk, send us a post card—just say: "CALL, please"—and add your name and address.

We would also recommend our "A.D." rich, thick cream, delicious with fruit, tea, coffee, etc. Why not try a carton of this, too?

Extensions.

The programme of improvements embarked upon in 1936 has now been practically completed and, in April, the buildings, although then some way short of completion, were formally opened by Lord Stanley, President of the Hospital, supported by The Reverend H. F. Reinhart, representing the Trustees of the late Bernhard Baron and Mr. A. J. A. Orchard, representing the Committee of the Lancashire and Cheshire Miners' Welfare Fund. Commemorative tablets have been placed in each department to record the gifts received from these generous benefactors.

The Bernhard Baron Orthopaedic Department was the first to be completed and has been in occupation since January, 1937. This was followed by the Urological Department which accommodated patients for the first time in July. The completion of the Casualty Department in October, the re-arrangement and re-decoration of the Out-patients' Department now in process, concludes the work under contemplation.

The improvements, so ingeniously designed by the Architects, have transformed the appearance of the Hospital and have proved of very great benefit both to patients and staff, while the introduction of modern decorations and fitments must create an atmosphere of hope and cheerfulness for patients and their friends who visit them in Hospital. Excellent as the new buildings are, they are not maintained at any less cost than formerly and money is still needed as urgently as ever for the annual maintenance of the Hospital.

There are many laundries offering a "Family Wash" service at 2/3 per dozen. But is there any in your district that allows you to include at this price Woollen Blankets, Counterpanes, Quilts, Ladies' Plain Frocks, Silk Underwear and Sleeved Overalls? None but UCLA! No "Family Wash" service places so few restrictions on what may be included as UCLA . . .

Situated on a main arterial road and in close proximity to Trafford Park and other large industrial areas, the Hospital receives a large and growing number of Casualties. A reference to pages 55 to 60 will show the very wide area from which both in and out patients are received. The need for the best possible accommodation to enable the Honorary Medical Staff to continue their excellent work has long been apparent, and it is gratifying to report that it has been possible to go a long way to meet this need though much remains to be done when funds allow. On page 119 will be found a list of further improvements which the Board after careful consideration has decided are necessary to maintain the Hospital's efficiency.

Kitchen.

Just prior to her death, the late Mrs. Edward Hopkinson kindly gave a donation of £500 as a token of gratitude for treatment received whilst a patient in the Hospital. Shortly after her death, her son and daughter, Captain E. C. Hopkinson, M.C., and Mrs. K. C. Chorley, gave £504 as a memorial gift to their mother. Because of Mrs. Hopkinson's enthusiasm for the welfare of the domestic side of the Hospital, the Board, with the approval of the donors decided to devote these welcome gifts to the improvement of the Kitchen Department. A scheme which has now been completed, includes the installation of a battery of heat-storage Cookers using anthracite fuel in place of the old gas-heated equipment which, after more than twenty years' service, had become out-of-date. The addition of a store room, the replacement of two worn-out steam ovens and the improvement in lighting and ventilation also carried out have considerably increased the efficiency of the kitchen with much added comfort for the staff.

There still remains, however, a further pressing need for insulated heat-conserving food trolleys for conveying the food to the wards, and the Board hopes that the day may not be far distant when funds for the purchase of this very necessary additional equipment may be available. The cost involved is likely to be in the region of £600.

Special Appeal.

The total amount received in response to the Special Appeal at the end of the year reached £25,777 9s. 3d., and the Board wishes to tender its grateful thanks to all who have contributed to the success of the appeal. A notable feature of the past few years has been the great help rendered

by Committees of ladies in various districts, which in the aggregate have raised over £6,500—a really splendid effort. An extension of this very valuable assistance would be much welcomed.

Thanks to Staff.

The Board desires to record its appreciation of the loyal work rendered by all the staff, as well as its grateful thanks to the Honorary Staff for their invaluable services.

Nursing School.

Twenty-three candidates entered the Preliminary Training School, of whom nineteen were accepted as suitable after a trial period. Four nurses came for training from other Hospitals. Eighteen candidates passed the Final State examination and twenty passed the Preliminary State examination; twenty passed the Hospital Final examination. The following medal was awarded on the examination results :—

Dixon Mann Silver Medal for over 75 per cent. of marks—
Nurse Annie Wilcock.

Honorary Medical Staff.

The death of Dr. A. Corsar Sturrock, Honorary Consulting Physician, is recorded, with deep regret. Dr. Sturrock had served the Hospital with much devotion to duty since August, 1919. His valuable services will be greatly missed.

The Board also deplores the death of Mr. Herbert Lund, Honorary Consulting Surgeon, who held the office of Honorary Surgeon to the Hospital for 29 years.

Dr. Winifred Mary Burbury has been appointed Honorary Psychiatrist to carry on the work which the late Dr. Sturrock performed during the past five years.

On leaving the district, Dr. E. Marianne Peach has, greatly to the regret of the Board, resigned her office of Honorary Dermatologist which she has held with much benefit to the Hospital for over six years. Dr. Alexander Robert Somerford has been elected to fill the vacancy, and took up duties in July.

Personal.

The death of Mr. Percy Macbeth, who was for three years a member of the Board until his resignation in 1937 is recorded, with deep regret. It is also regretted that Mr. Robert Johnson has found it necessary to resign his membership.

The Board has been fortunate in securing the services of Mr. William Carter, M.B.E., as a new member, and also of Mrs. Edward F. Pilkington who has been co-opted as a representative of the Ladies' Linen Guild.

Thanks.

The Board acknowledges with gratitude, the generosity of innumerable friends and desires to convey heartfelt thanks to all who have given to the Hospital in money, in kind or in services.

Of the many helpers, none is more deserving of thanks than that body of volunteers, both men and women, who have offered themselves as donors of blood in an effort to save life—an effort which is happily often successful. Unfortunately, the list is small and more donors are required. The Board earnestly appeals for an increased public support of this most valuable service.

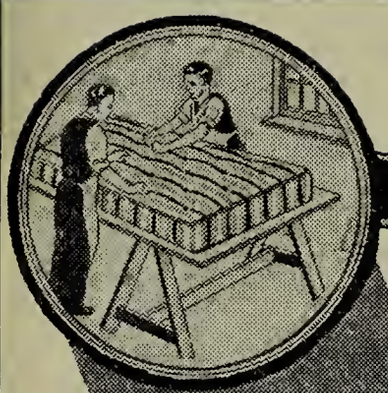

The practical sympathy of our many helpers is most warmly appreciated, and a cordial invitation is extended to any who would like to learn more of the Hospital's work to pay a visit to the wards and various departments.

The large number of such visits has been a feature of the past year. This development is much welcomed, as it is felt that the public may thereby be led to an increased appreciation of the work of the Hospital and its needs. We are entirely dependent upon the goodwill of the public, and the support of everyone, individually and corporately, is earnestly solicited.

Reprint from "Salford City Reporter" of 1st January, 1938.

To those who regard service to their neighbours and to mankind as the guiding principle of life, the work performed by Salford Royal Hospital for the community must make a powerful appeal.

The year just closing has been a remarkable one in the long history of the Hospital for the generosity of the Lancashire & Cheshire Miners' Welfare Committee, the Trustees of the late Bernhard Baron and of many other friends, has made it possible to carry out much-needed improvements in the accommodation for Out-patients and Casualties.

Situated on a main arterial road and in close proximity to Trafford Park and other large industrial areas, the Hospital receives a growing number of Casualties; 20,000 were received last year, in addition to 9,000 new Out-patients. The need for the best possible accommodation to enable our Honorary Medical Staff to continue their excellent work has long been apparent, and I am pleased to report that it has been possible to go a long way to meet this need though much remains to be done when funds allow. Another feature of the last two years has been the great help rendered by Committees of ladies in various districts who in the aggregate have raised over £6,500—a really splendid effort. We should much welcome an extension of this very valuable assistance. Excellent as the new buildings are—we believe that they are second to none—we still need money for the annual maintenance of the Hospital, as well as for the following :—

Replacement of temporary accommodation for Night Nurses	£5,000
Rebuilding of Sanitary Tower	£1,500
Improvements and extensions to X-ray Dept.	£1,500
Nurses' Cloak Room and Recreation Room	£1,000
New Insulated Food Conveyors	600
Improvements to Mortuary	500
Improvements to Resident Medical Officers' Quarters	500
Equipment—	
1 New Operating Table	£150
1 New Portable X-ray Apparatus	£250
1 New Washing Machine for Laundry	£120
Various New Cystoscopes, from £20 each	
1 Microscope for Pathological Laboratory	£50

We should welcome large donations, but we welcome equally every shilling. If you cannot yourself provide the whole cost of one of the above, you may, at any rate, like your contribution to be earmarked towards its provision. Please do not delay, but hasten to share with our other friends the great pleasure of doing something for those whose lot is so much less fortunate than your own.

EDWARD F. PILKINGTON,
Chairman.

SALFORD ROYAL HOSPITAL.

Annual Report of the Medical Board.

The year under consideration has been notable for the completion and opening of the Orthopaedic, Genito-Urinary and Casualty Departments. Each of these is working smoothly and satisfactorily and is proving an inestimable boon to the efficient running of the Institution. The Medical Board greatly appreciate the new facilities given by this additional accommodation.

The conversion of the previous Accident Room into surgical and special Out-patients departments and the reconstitution of the new medical Out-patients' department, together with the re-arrangement of various offices are approaching completion, and we look forward to putting them into use in the near future.

During the year the Hospital has lost by death two members of its Honorary Consulting Staff in the persons of Dr. A. Corsar Sturrock and Mr. Herbert Lund who died in March, 1937, and February, 1938, respectively. The Medical Board record their deep sense of the loss sustained and their appreciation of the valuable and devoted services which these two colleagues have, in their time, given to the Hospital.

Dr. E. Marianne Peach, our Honorary Dermatologist, has retired, and the Medical Board acknowledge, with gratitude, her services to the Hospital during the six years she has been responsible for the running of this department. We welcome Dr. A. R. Somerford who has taken the vacant post, and also Dr. W. Mary Burbury who has succeeded Dr. A. Corsar Sturrock as Psychiatrist.

H. B. KIRKBRIDE, L.D.S.

ACTINO-THERAPEUTIC DEPARTMENT.

The department has worked almost to capacity throughout the year.

In addition to the generalised treatments, numbers of patients have been treated for burns and other wounds accruing from industrial accidents, with very gratifying results.

It is hoped shortly to move to new quarters in the main hospital building, thus making treatment available for any in-patients who may require it.

Over 4,000 treatments have been given during the year.

HUGH T. ASHBY, M.D., F.R.C.P.

X-RAY DEPARTMENT.

For a good many years it has been the custom to preface the report of the X-Ray Department with a statement that there has been an increase in the work of the department during the year, and this annual report is no exception, as will be seen from the figures given below. The marked increase in the work done in the department may be seen when the figures of ten years ago are compared with those of the present day. Thus, ten years ago the number of cases dealt with in the diagnostic section totalled 5,630, as compared with just over 10,000 during the past year, while the number of films exposed has risen from just over 7,000 to well over double that number.

During all this time there has been no addition either to the staff or the equipment of the department; but an additional staff nurse has now been appointed and this will lighten the burden on the permanent staff. It has not been found possible, owing to lack of funds, to include the X-Ray Department in the Extension Scheme, but it is hoped that funds may eventually be obtained in order that much-needed additional space and equipment may be made available.

DIAGNOSTIC SECTION.

	1937	1936
General Cases	8,183	7,339
Gastro-intestinal Cases	958	989
Chest Cases	920	858

Our thanks are again due to the staff of the department for their loyal co-operation and help.

J. B. HIGGINS, M.B., D.M.R.E.
HUGH MORRIS, M.D., D.M.R.E.

PATHOLOGICAL DEPARTMENT.

	1937	1936
Biochemical and Bacteriological Examinations	27,694	18,160
Histological Sections	641	900
Autogenous Vaccines	316	230

C. E. JENKINS, M.R.C.S., L.R.C.P.

HEART DEPARTMENT.

During the year 698 electrocardiograms, compared with 632 in the previous year, have been done, and in addition certain other tracings have been made on an enquiry basis which are not recorded in the routine work of the department.

The rise in figures will indicate the degree to which this new department is being appreciated, and it is hoped that the work will continue to increase.

G. J. LANGLEY, M.B.E., M.D., F.R.C.P.

GENITO-URINARY DEPARTMENT.

	1937	1936
In-patients	227	222
Out-patients Cystoscopic Examinations	410	414

The chief event of the year has been the completion and occupation of the new Genito-Urinary Department. This provides three cystoscopy rooms with dressings attached to each; also a consulting room and waiting accommodation, together with the usual storage space. X-Rays are available in two of the cystoscopy rooms and there is a dark room close at hand in the Department. The new premises add greatly to the comfort and ease of working of the unit and are much appreciated by the patients and staff.

Daisyholme

Dear Matron,

Please may I, through you, offer my very grateful thanks for the care and attention I have received during my illness on W.S.1 ward

To Sister Brown & her staff I shall always be indebted and, along with my husband, may I say how deeply all they did for me has been appreciated,

Yours truly
(Mrs) A Burrows

"Tyneholme"
1, Burnham Drive,
Burnage,
MANCHESTER.

March 8th, 1937.

To the Secretary.,
Salford Royal Ho spital
Chapel Street,
SALFORD.

Dear Sir or Madam,

My wife, who was an inmate of the Hospital from Jan. 28th to March 3rd, desires me to convey her warmest thanks and appreciation for all the kindness shown by members of the Hospital Staff (medical and nursing) with whom she came in contact during her illness.

It is with a deep sense of gratitude she thanks the H.S. Dr. Williams, Sister Brown and the nursing staff of W.S.1. ward who were very thoughtful and untiring in their efforts to alleviate her pain.

Please also convey my thanks to all.

Yours faithfully,

"Oakley"
Bear Wood,
Bournemouth.

The Matron.
Salford Royal Hospital.
Dear Madam,

Having been a patient in M.M.2 ward for nearly nine weeks, I should like to thank you and all concerned for the care and consideration which I received whilst with you. It is my first experience of hospital life, and I have nothing but praise for the way in which the difficult duties are discharged. I shall always think of anyone connected with the nursing profession with the greatest respect.

Yours sincerely.
Eric Walkden.

Linen Guild.

The Linen Guild was established in March, 1922, for the purpose of supplying Linen, Blankets, Quilts, Towels, etc., for the ordinary use of the Hospital.

Officers and Executive Committee :

President—
Vice-President—The Mayoress of Salford.
Chairman—Mrs. Edward F. Pilkington.
Vice-Chairman—Mrs. Garnett Wright.
Hon. Treasurer—Miss L. W. Renshaw.

Executive Committee :

The Mayoress of Salford.
Mrs. Andrew.
Mrs. Billington.
Mrs. Jefferson.
Mrs. Garnett Wright.
Mrs. Prestwich.
Mrs. Rothwell.
Mrs. H. Cobden Turner.

(with the Hon. Secretary, the Hon. Treasurer, the General Superintendent and Secretary of the Hospital and Lady Superintendent of Nurses *ex-officio*).

Arrangements have been made with Messrs. Kendal Milne & Co. (Harrods Ltd.), Manchester, and Mr. Ketteridge, 40, Denstone Road, Salford, 6, for the supply of standard articles as used in the Hospital, and members of the Guild are given, on joining, a card authorising them to purchase.

EXECUTIVE COMMITTEE'S 15th ANNUAL REPORT.
30th June, 1937.

The Guild has had a satisfactory year, but the membership does not increase as rapidly as could be desired. Thirteen new members joined last year, making a total of 223, and this year several people have made a serious effort to secure fresh interest, with very successful results. But we need much more help from every member of the Guild if our numbers are to reach 700, which is the minimum required to achieve the object for which the Guild exists,

namely, to supply all the linen required in the wards of the Hospital. An earnest appeal is therefore made to everyone to widen the interest and secure new members.

The work of the Women's Committees has been progressing slowly, as several, having worked more than the time for which they promised, have suspended operations, and it is difficult to replace them. It is felt that new committees should be formed in the outlying districts, from which so many patients are treated by the Hospital, and the help of members in securing leaders for committees in these areas will be warmly welcomed, as very often it is only the impetus of a leader which is needed.

The result of the Linen Guild effort for the Special Appeal has now reached the sum of over £5,000, and the Committees are to be heartily congratulated and thanked for this wonderful result.

The Thrift Shop organised by the Executive Committee was a great success, and realised £60.

The Committee reports that the following linen has been given by the members during the year, in addition to that purchased out of subscriptions :—

2 Wringers.	40 Pillow Cases.
2 Quilts.	2 Pairs of Blankets.
6 Honeycomb Towels.	1 Pair of Sheets.
10 Tea Towels.	4 Roller Towels.

Dorcas Society.

Report for Year ended 30th June, 1937.

It is with great pleasure that I report an increase in the attendance, and the number of garments made by the Dorcas Society during the past year, the average attendance being nine, and 250 garments were made.

I wish to thank the Salford Rotary Inner Wheel for financial help, and the members who attend the Hospital and do such splendid work there. Also thanks are due to friends for gifts of 12s. 6d. ; Mrs. Billington for material and sundries ; Mrs. Rothwell for three bed jackets ; Mrs. Kanter for wool coats. These are all greatly appreciated.

The Dorcas Society will continue meeting until the end of June.

(*Signed*) DOROTHY G. ANDREW,
On behalf of the Dorcas Society.
